WHO'S ELIGIBLE TO HAVE ALL COSTS COVERED?

To be eligible, you must be responsible for a system with a population of 40,000 or higher. Most important, you should have decision-making authority or specific input into the products and services your system purchases. You should also have challenges that you're interested in sharing, a willingness to help others and a desire to learn about products or services that can help you in the next 6 to 18 months.

"Spending quality time with both colleagues and vendors to ask detailed questions and get detailed answers. At larger conferences I have to make spot decisions on who to visit and who to pass. I didn't realize until this Summit that I was "passing" on vendors who had things or approaches that would benefit my town."

"Level of service and organization was impressive. I was also glad suppliers weren't selling, but rather educating on their company/products/future plans and listening to current challenges and concerns."
